As a reflection of our school's commitment to fostering a safer, more comfortable learning environment for students and faculty, we are proud to introduce a new program called **'Talk About It'**.

Developed by AnComm, **'Talk About It'** is the nation's first and only anonymous online messaging and emergency notification service for schools. **'Talk About It'** is a preventative solution focused on bridging the communication gap between students and faculty to create a place where teachers can teach and students can learn — free from threats and acts of violence.

- Opens the channel and frequency of communications between students and faculty.
- Fosters a safer and more comfortable learning environment.
- Provides students with a mechanism to reach out to adults and report problems anonymously.
- Builds positive connections between students and faculty members.
- Resolves student problems in a safe, efficient and timely manner.
- Allows students to assist in creating and maintaining a safe school environment.
- Provides broadcast notification to students, staff and parents when critical information needs to be shared instantly.
