National Board Certification Program for Teachers

Gloucester County Public Schools recognizes and supports the benefits of the National Board Certification Program for teachers. To this end, a \$2,500 supplement will be guaranteed to teachers for the first year they are certified. In as much as the Commonwealth of Virginia also recognizes employees with a financial incentive, Gloucester County Public Schools will adhere to the following procedures:

1. Up to \$600 (less any grants received) will be reimbursed to teachers upon satisfactory completion of each component of the NBCT certification process.
2. Once a teacher is notified (usually in the fall) that they have achieved National Board Certification, Gloucester County Public Schools guarantees a \$2,500 supplement for that school year.
3. Currently, the Commonwealth of Virginia provides a financial incentive for years beyond initial certification. For those years, Gloucester County Public Schools guarantees that if state support falls below the \$2,500 level, Gloucester County Public Schools will make up any difference, up to and including the entire \$2,500.
